

Enagic Water Ionizer

Pure Health in Every Drop™

Recognized as a medical device in Japan and Canada.

For home or professional use: High volume with constant parameters delivered.

6 high-standard models to fit your need and your budget.

100% customer satisfaction with product quality and customer service.

Enagic USA, Inc.
4115 Spencer Street
Torrance, CA 90503

Change Your Water...
Change Your Life...

"KANGEN" Water™

"Kangen" is Japanese for
"Return to origin"

For over three decades clinical experience has shown that electrolyzed, eco-friendly alkaline and acidic water enhances the healing power of the body. In the mid-90's, its obvious benefits started to be widely recognized by the public.

In 1988, Dr. Shirahata of Kyushu University in Japan discovered the connection between electrolyzed water and "Miracle Water" - often called "Holy Water". *Miracle Healing Water* has been found in nature at only a few specific locations throughout the world. This so-called *Miracle Water* is known for its tremendous healing power and works virtually against any disease. For many years the healing power of this magical water was a mystery until clinical studies revealed that "Kangen" water™ has the same properties. It even improves on this miracle water, and it can be produced in your own home right from your tap.

Optimal Health with KANGEN Water™

Not All Water Is Created Equal

Are you drinking water that supports wellness, or water that is aging you with acid? *Kangen Water™* is produced through ionization, which improves its structure and characteristics to make it more supportive of wellness.

Kangen is Japanese for “Return to Origin.” *Kangen Water™* is a trademark of Enagic USA, Inc. In order to be called *Kangen*, water must be alkaline, micro-clustered with a hexagonal structure, pure and have a high negative ORP (oxidation-reduction potential). *Kangen Water™* has been used for more than 30 years in over one hundred hospitals and medical clinics in Japan for its scientifically documented health benefits, and is approved as a medical device there.

4 Good Reasons to Drink Restructured, Ionized Water

Increase Hydration

The process of ionization reduces the size of the water cluster by two-thirds and creates a hexagonal shape. Smaller, hexagonal water clusters are more able to penetrate the cellular membranes, enhancing hydration, nutrition, repair and waste removal. *Kangen water™* is hexagonal, but not all ionized water is *Kangen*.

Balance Body pH

The specific ionization process of *Kangen Water™* adjusts the pH of the water by splitting its molecules into positive and negative charges (OH⁻; H⁺). This process also creates water with bio-available minerals that the body can use efficiently to naturally balance the pH.

Increase Blood Oxygenation

Strong, fresh *Kangen Water™* contains an abundance of hydroxyl ions (OH⁻). The ionization process creates a stable oxygen molecule (healthy oxygen) by exchanging free electrons from the hydroxyl ions (OH⁻). Optimally oxygenated the body can perform at its highest level.

Neutralize Free Radicals

Thanks to high levels of hydroxyl ions (OH⁻) *Kangen Water™* provides extra electrons that neutralize destructive free radicals circulating through out the body. It gives a high negative ORP (Oxidation Reduction Potential) to the water which acts as a powerful antioxidant (anti-aging agent).

What the Experts Say...

According to scientific studies performed in well respected universities and hospitals around the world, drinking *Kangen Water™* can:

- Stimulate weight loss
- Release excess of waste and toxins.
- Normalize blood sugar and insulin
- Normalize blood pressure and cholesterol
- Support healthy flora and colon function
- Improve digestion by reducing abnormal gastro-intestinal putrefaction
- Reduce inflammation and chronic pain
- Reduce proliferation of germs
- Optimize recovery and tissue repair

“I think drinking hexagonal *Kangen Water™* is the most important thing a person can do for their health.”

Dr. David Carpenter, ND, Author, *Change Your Water, Change Your Life*

“I can say with total confidence that nothing reduces chronic over-acidity in the body as simply, easily and cost-effectively as drinking ion-rich, restructured *Kangen Water™*.”
